## AMICO Data Specification

The AMICO Data Specification is comprised of:

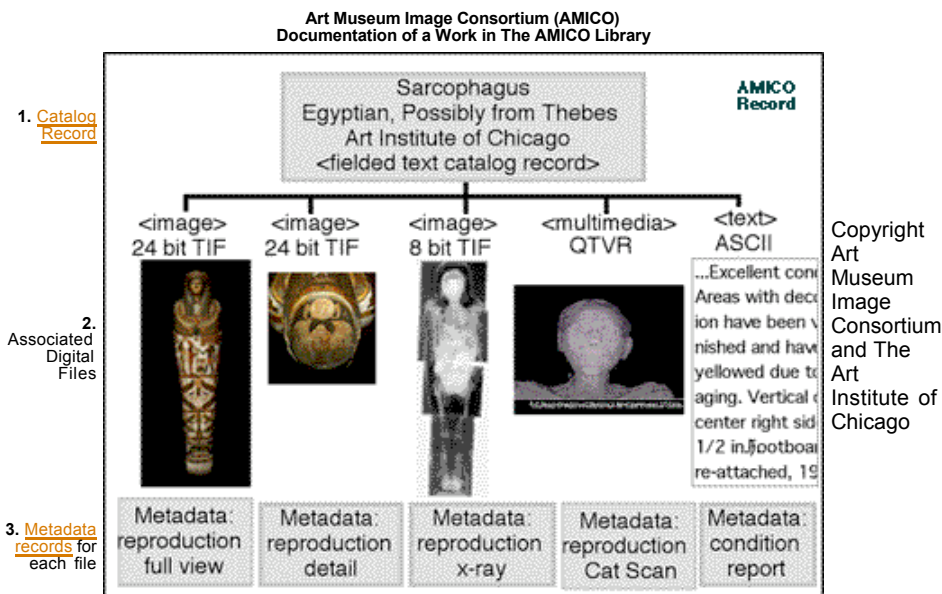

- [A. Text Record Specification](#)
- [B. Related Image and Multimedia File Specification](#)
- [C. AMICO Data Dictionary](#)
- [Sample Records](#)

### Introduction

Each work of art in The AMICO Library is documented by:

1. A [Catalog Record](#) (with at least all core fields)
2. Associated Multimedia files (at least one image file meeting the Image Specification, and any other number of other related media files)
3. A [Metadata Record](#) (with at least all core fields) for each Associated Multimedia file.

The relationship between these parts is shown in the following diagram.

Each work in The AMICO Library is documented by a [catalog record](#), an image file, and an image [metadata record](#). Additional media files may also be present. Each of these has a metadata record.
